Subject: RE: Call to discuss clarification on scope of analyses in the Kalispel redesignation technical report

Hi Ken,

Monday is a federal holiday and I'm tied up all day on Tuesday.

If we can make it a short call, I'm willing to do it sometime on Monday, just not too early in the morning (b) (6)

Let me know some times that would work for you and I'll get back to you.

Dave

Subject: Call to discuss clarification on scope of analyses in the Kalispel redesignation technical report

Hi Dave,

We have reached out to potential consultants for preparing the technical report and have some more questions about the actual scope of analysis necessary for our redesignation. We have the chance to get this done relatively quickly, but we were hoping that you would be available for a call on Monday or early Tuesday to help clarify some of the scope questions.

Thanks again for your help --Ken
